DETAILED ACTION

1. In view of Amendment filed February 14, 2005, claim 11 has been cancelled, and new claim 12 has been added. Claims 1-10, 12 are pending.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

3. Claims 1-9 are rejected under 35 U.S.C. 102(a) as being anticipated by St. Clair et al. (US 2003/0176574 A1) for the reasons adequately set forth from paragraph 2 of non-final office action issued November 24, 2004.

Applicant's arguments filed February 14, 2005 have been fully considered but they are not persuasive. Applicants argue that SBS block copolymer of St. Clair is characterized with a large midblock while the SBS block copolymer as claimed contains a small midblock. However, applicants fail to recognize that St. Clair (page 9, claim 1, e)

Art Unit: 1713

clearly claim a SBS block copolymer having a midblock ranging from a small midblock (20%) to a large midblock (80%).

Regarding the argued "low viscosity, high solids content coating having low level of VOC" of claims 1-10, these are the properties that are inherently to the SBS block copolymers of St. Clair.

Allowances

4. Claim 11 is allowed.

5. The following is an examiner's statement of reasons for allowance:

As of the date of this office action, the examiner has not located or identified any reference that can be used singularly or in combination with another reference including the closest prior art of St. Clair et al. (US 2003/0176574 A1) to render the present invention anticipated or obvious to one of ordinary skill in the art.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
